

/ HKTS 11BQ

5.1-Channel Home Theater Speaker System

Home Solutions

Highlights

- Home entertainment solutions
- Sonic performance
- Elegant design
- 5.1 channel
- 200 W powered 10" subwoofer
- Two-way loudspeakers
- Video shielded
- Wall brackets

The speaker package for people who hate it when people talk during movies. The HKTS 11 is a powerful 5.1-channel solution with dual midrange drivers in both the satellites and the center channel for heightened realism, and a 200-watt powered subwoofer for bass that isn't one bit intimidated by all that heightened realism. And those talkers? We guarantee they'll find this a tough act to compete against.

Key Specifications

- Satellites and Center – Impedance: 8 Ohms; SPL @ 1 Watt/Meter: 86 dB
- Subwoofer – Sensitivity: 90 dB
