- 7" TFT color LCD display for high quality viewing

For ultimate convenience

- Enjoy up to 3 hours playback with a built-in battery*
- Smart Car Mount for ease-of-use
- USB connection for photo and music playback from USB devices

PHILIPS
sense and simplicity

Highlights

Play DVD, DivX and MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

Support DVB-T

Expand your entertainment experience and enjoy digital channel programs - for free. With

DVB-T (Digital Video Broadcasting - Terrestrial), you can receive free digital TV and radio programs in Europe. The signal is kept digital without any analog steps in between, to preserve the highest quality.

Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

Smart Car Mount

To enjoy entertainment on the go, why not bring your portable DVD player from home on

the road with you? A unique Car Mount system ensures ease-of-use, with a quick-release arm that facilitates easy removal of the player when not in use. You can bring the portable DVD player with you, leaving just the Mount behind in the car.

USB connection for photo/music

Simply plug in your portable device to the USB connector on your Philips portable DVD player and playback directly from USB or to select your digital music or photos. Now you can share your favorite moments with family and friends.

Specifications

Picture/Display

- Display screen type: LCD TFT
- LCD panel type: Anti-glare polarizer
- Diagonal screen size (inch): 7 inch
- Resolution: 480(w)x234(H)x3(RGB)
- Brightness: 200 cd/m²
- Contrast ratio (typical): 250:1
- Effective viewing area: 154.1x86.6mm
- Pixel pitch: 0.107(w)x0.370(H)mm
- Response time (typical): 30 ms
