- Travel bag included

Perfect viewing anywhere

- High-resolution 10.2" TFT LCD display for great viewing
- Zero Bright Dot™ screen for optimal screen quality

PHILIPS
sense and simplicity

Highlights

Play DVD, DivX and MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your

living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

Support DVB-T

Expand your entertainment experience and enjoy digital channel programs - for free. With

DVB-T (Digital Video Broadcasting - Terrestrial), you can receive free digital TV and radio programs in Europe. The signal is kept digital without any analog steps in between, to preserve the highest quality.

Specifications
