

## Features HT-CT350

Matching design - this compact speaker bar and sub woofer 3.1 home cinema system is designed to match the stunning look of your BRAVIA LCD TV

---

Flexible setup - you can connect the sound bar in 3 different ways: wall hanging, attached to the table top stand, or separated completely on a shelf

---

Powerful sound - with 400W total power output (100W x 3, 100 x 1) you can enjoy a superb cinematic experience at home

---

S-Force PRO Front Surround – experience the full effect of digital surround sound using innovative audio technology and your TV speakers

---

Linear-PCM output - capable of decoding up to 8 channels of uncompressed LPCM sound for high resolution audio output through 3.1 which is closer to the original

---

HDMI® - 3 inputs (v1.4 with CEC) make it easier to connect to High Definition TVs, Blu-ray Disc™ Players and PLAYSTATION®3. Even 3D signals can pass through for ultimate sound with 3D movies and games

---

Connectivity - other connections include 2 x Digital Optical input, 1 x Coax input, 2 x Analogue Audio inputs, 1 x DM Port input

---

BRAVIA Sync – control your entire home entertainment system with a universal remote control option which lets you play or adjust settings on compatible devices at the touch of a button

---

FM/AM Tuner - built-in radio tuner; no need for extra devices in your living room

---
